Your Excellency,

I am deeply concerned about the fate of my fellow Swedish citizen Dawit Isaak. I urge you to order the immediate release of Dawit Isaak.

I appeal to you to do so for humanitarian reasons. Dawit Isaak's health is precarious, and I urge you to let him go to Sweden to join his family and to receive medical treatment.

Such a decision on your part would eliminate the most harmful issue in the Swedish-Eritrean relations and would remove the most difficult obstacle for a positive development of these relations.

Sincerely,

.....
